

Attention Mariners

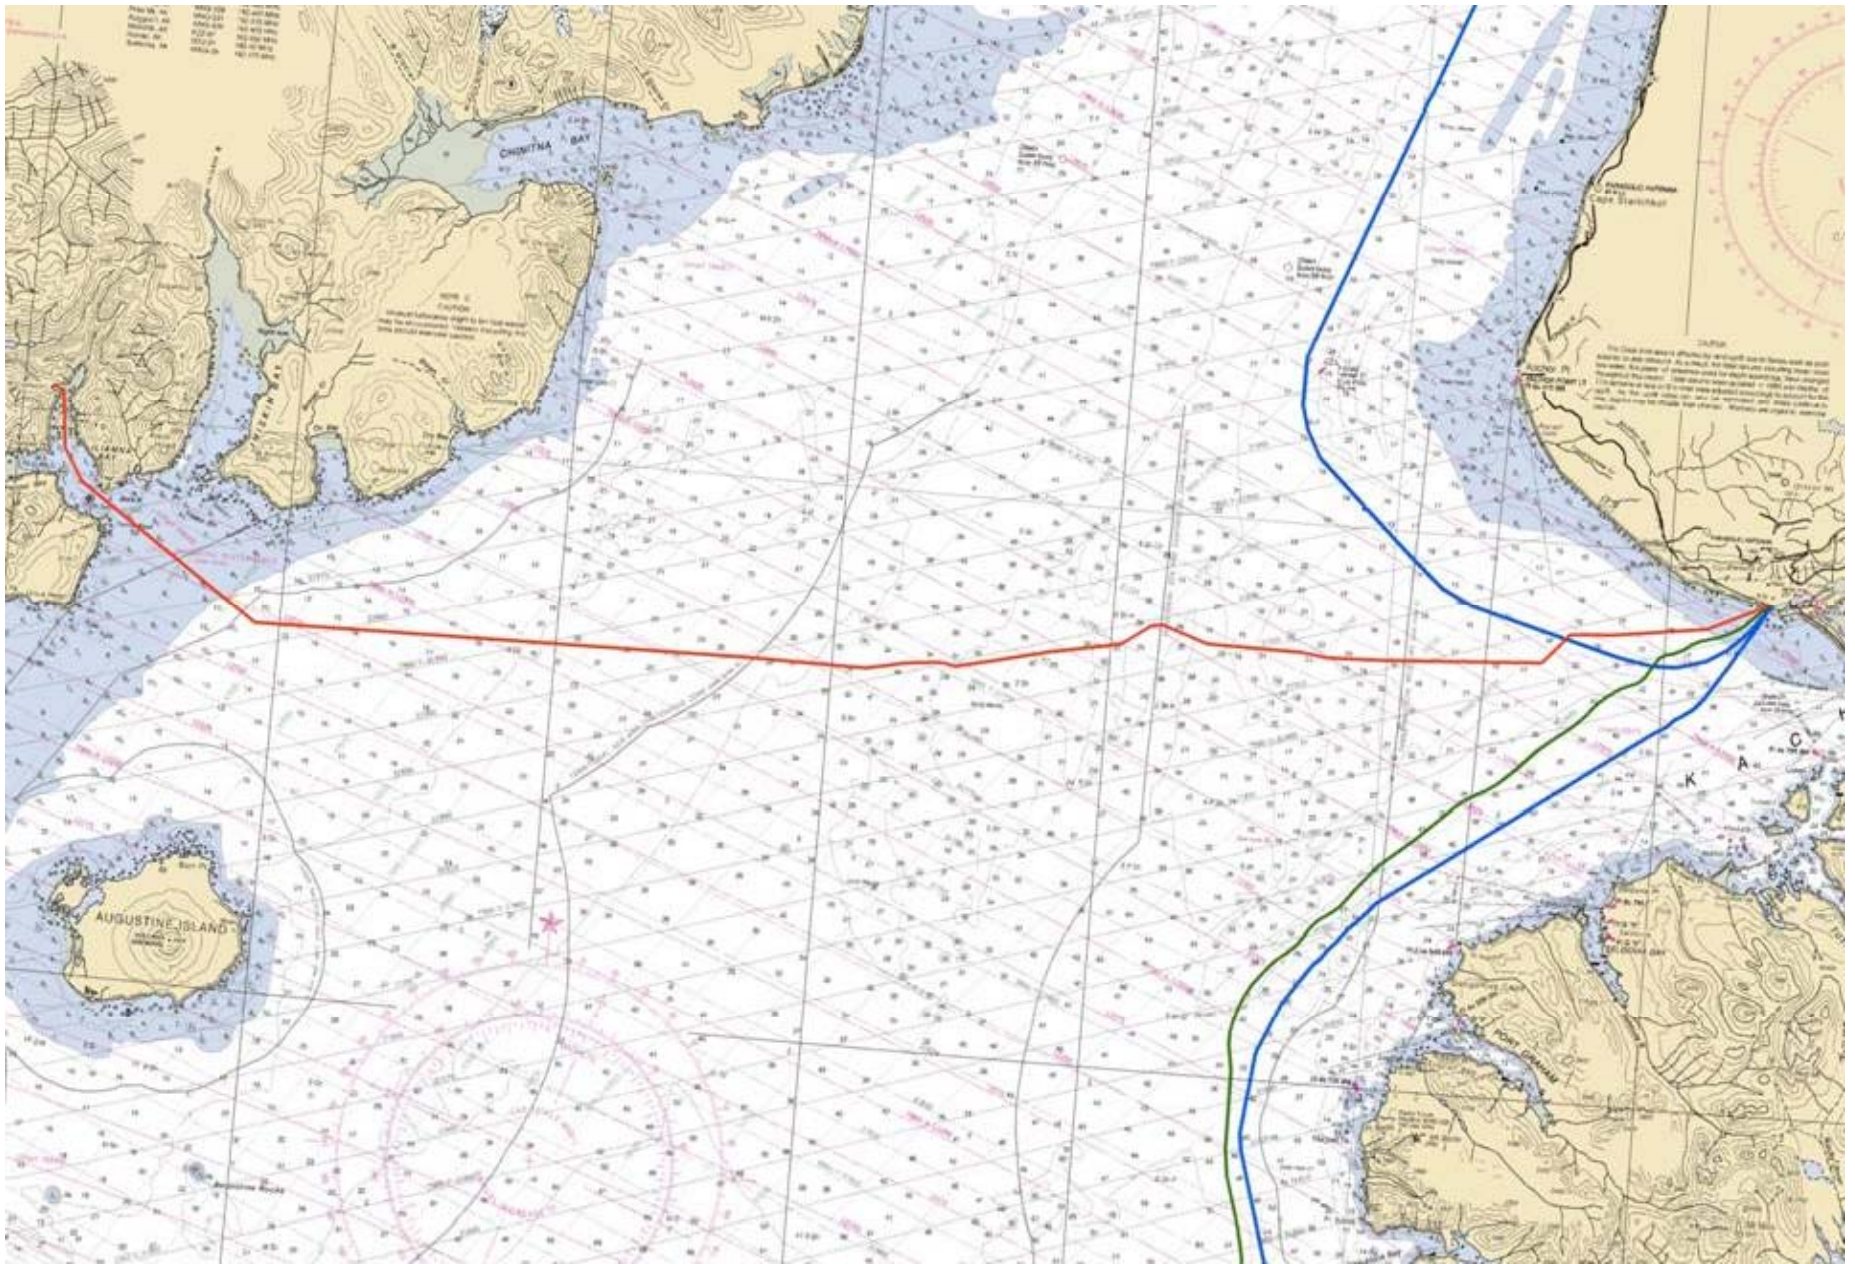

Installation of UUI's TERRA SW Submarine Fiber Optic Communications Cable has been completed. The route goes from Homer across Cook Inlet to Iliamna Bay and landing in Williamsport. Please avoid anchoring within a half mile of the cable route. If you suspect your gear or anchor is snagged or has come in contact with the cable, please contact the GCI Network Operations Center as soon as possible at:

GCI NETWORK OPERATIONS CENTER
1-888-442-8662 or 1-907-265-5555

For complete route position list of the cable available for download to many common marine chart plotter softwares

contact Greg Wilt at 907-306-4342, gwilt@gci.com
